PENN STATE // FIRST-YEAR

THIS IS YOUR CHANCE

YOU'RE READY

THIS IS YOUR CHANCE. THE ONE WHERE YOU GET TO DECIDE IF YOU'LL JUST LIVE IN THE FUTURE—OR IF YOU'LL RUN IT. AND PENN STATE IS THE PLACE WHERE YOU CAN TAKE THAT CHANCE.

WE'RE READY

FOR YOU

START PLANNING YOUR PENN STATE EXPERIENCE.

There is no way around it. Life as we knew it has changed, and in its wake left us with plenty of uncertainty. The benefit of being a forward-thinking, future-focused academic community is that we see opportunity where there is doubt. And if you're anything like us, you're not content to see what the future has in store for you. You're ready to shape it.

Get started on running your future by joining a globally recognized university that ranks among the nation's best for setting graduates up for greater career potential. Pursue your individual passions within a culture that takes pride in shared success and an academic community that will connect you to the research and expertise you need. And when you're ready to graduate, join a network of Penn Staters that spans the globe, willing to open doors to a lifetime of opportunity, regardless of the circumstances.

APPLY TO PENN STATE

We know that there is a lot to consider when deciding to pursue a college degree. No matter what, where, or when, we are here to help you succeed. Your future and your dreams are waiting. Are you ready to get started?

MAKING CHOICES

To help you think things through, follow these steps when applying to Penn State:

1

What to study—You've seen our majors listed on pages 8–10 and looked over the 275+ majors at Penn State.

Now, if you can narrow down your interests to fit a specific major or several majors that fall under one college, great. If not, consider entering Penn State through the Division of Undergraduate Studies, our exploratory program.

2

Where—With 20 campuses across Pennsylvania, choose a campus that is the right fit for you. Think about location. Consider housing. Look at costs. And keep in mind that almost all majors can be started at any Penn State campus and will finish with your final two years of study at the University Park campus.

3

How much—College is a major investment, so knowing the costs up front is important. Figure out how you plan to pay for your education. Consider lower-cost campuses to make a Penn State degree more affordable right from the start.

4

When—If you are applying to University Park as your first choice, we strongly encourage you to consider adding the summer start option to your application. The six-week summer session, which begins in late June, can give you a head start on your studies and adjusting to life at Penn State.

APPLICATION TIMELINE— KEY DATES IN THE APPLICATION PROCESS

AUG

SEP

OCT

AUGUST 1

The undergraduate applications are available on this date. Get started at admissions.psu.edu.

REMEMBER
**NOVEMBER
FIRST**
EARLY ACTION
DEADLINE

NOVEMBER 1

Early Action deadline. Submitting an Early Action application means you will have a decision by December 24!

DECEMBER 1

Submit your FAFSA to Penn State by December 1 to maximize financial aid consideration.

LATE OCTOBER–MAY 1

Admission decisions are released during this window of time.

SOME THINGS TO KEEP IN MIND WHEN APPLYING

▶ Of all of Penn State's campuses, **University Park, particularly for the fall semester, is the most competitive and selective** when it comes to admission.

+ *To give yourself a second review for University Park admission, add the summer session option to your application.*

▶ Admission criteria varies by campus. In most cases, you will be able to select **up to two campuses** on your application.

▶ We—Penn State Undergraduate Admissions—will **review your application based on your preferences**. That means your first review will be for your first-choice campus and term.

▶ Make sure your intended major can be completed at **the campus where you plan to earn your degree** (you can review each major and find the starting and ending campuses at admissions.psu.edu/majors).

▶ Review the **high school requirements for your intended major** at admissions.psu.edu/apply/requirements/4year.

A half-year of trigonometry, precalculus, or calculus is required for admission into the following:

- ▷ Smeal College of Business
- ▷ all other business degrees offered at individual campuses
- ▷ College of Earth and Mineral Science
- ▷ College of Engineering
- ▷ engineering and engineering technology degrees offered at Penn State Behrend and Penn State Harrisburg
- ▷ College of Information Sciences and Technology
- ▷ Eberly College of Science
- ▷ all other science degrees offered at Penn State Altoona, Penn State Abington, Penn State Behrend, Penn State Berks, Penn State Harrisburg, and Penn State Lehigh Valley

▶ Penn State now accepts applications through **MyPennState**; through the **Coalition Application**; and through the **Common App**. You may complete an application to Penn State starting **August 1**.

What does it mean to submit a complete application?

Your online application is finished and complete.
Students are strongly encouraged to complete the personal statement

If you chose to have your test scores included in the review of your application, your SAT or ACT scores were sent to Penn State by the testing agency (SAT code #2660; ACT code #3656). If you chose test-optional, you will not need to submit your test scores.

Plan ahead—the scores must be received by Penn State by November 1 to meet the Early Action deadline.

A complete and accurate high school record has been submitted.

DECEMBER 24
Students applying **Early Action** will receive their decision.

MAY 1
National Acceptance Day
For most students, this date is the deadline for accepting your offer of admission by paying your deposit.

ESTIMATING YOUR ADMISSION ELIGIBILITY

At Penn State, an admission decision is an academic decision.

When reviewing a student's application, we base our decision on their academic credentials. A student's prior academic record gives us a good idea of how prepared they are for the Penn State classroom. We have moved to a test-optional evaluation process for the 2021 admissions cycle to give Penn State applicants a choice to ease the anxiety they may be experiencing as a result of test-taking disruptions due to the COVID-19 pandemic.

What is Test Optional?

Test-optional means that students will have the opportunity to decide if they would like us to include SAT or ACT exam scores in the evaluation of their application. This question will be asked during the application process and once the student's application is submitted, the test-optional choice is locked in. For this reason, students should carefully evaluate their response to the test-optional question on the application.

**Test scores will still be required for any student applying for the Premedical-Medical (PMM) program.*

How are admissions decisions made?

At Penn State, the bulk of the admission decision is a result of a student's academic preparation in high school, including overall grade-point-average and the academic rigor of their high school curriculum. Although Penn State is test-optional, we will still accept and consider SAT or ACT scores from students who would like to share their scores as part of their application. Students are also strongly encouraged to submit the personal statement on the application.

Middle 50 Percent of Admitted Students (fall 2020)

For estimating purposes only.

Keep in mind that the middle 50 percent ranges shown below are not cutoffs or averages. Rather, they show what the majority of those accepted into Penn State looked like academically at the time they were offered admission. And remember that 25 percent of those offered admission were above the high end of the chart and that 25 percent were just slightly below the lower end of those ranges. This chart in no way represents a promise or guarantee of admission.

- ▶ **Tuition savings**—see the “Know Your Numbers” section to compare campus costs

THE  PLAN

HAVE YOU HEARD ABOUT THE 2+2 PLAN?

Roughly 50 percent of students spend their first two years at one campus, then transition to another campus to finish their degree.

We call it the **2+2 plan**, and it's the most common path to a Penn State degree.

APPLYING FOR FINANCIAL AID

Financial aid—whether in the form of loans, grants, work-study, or scholarships—can be an important part of putting a Penn State degree within reach.

- ▶ Start by submitting the **Free Application for Federal Student Aid (FAFSA)** on the Web at studentaid.gov. Penn State's federal school code for the FAFSA is **003329**.
 - ▶ Next, if you have filed your 2019 Federal Income Tax Return, we recommend that you use the **IRS Data Retrieval Tool**—available after **October 1**—on the website to complete your FAFSA. Using the tool will save you time and increase the accuracy of your FAFSA.
- ▶ Complete the FAFSA on the Web by our recommended filing date of **December 1**. For students submitting the FAFSA by **December 1** of their senior year, students will begin receiving Student Aid Award Notifications, which will include all forms of student aid, in February. This will allow maximum consideration for student financial aid.

Please note: Pennsylvania residents must submit their FAFSA by **May 1** in order to be eligible for the **Pennsylvania State Grant**.

SCHOLARSHIPS

All students who are offered admission and submit a FAFSA are considered for scholarships awarded by the Office of Student Aid. Some academic colleges, campuses, and other administrative units may require additional information for a particular scholarship award. Notification of scholarship awards begins in early spring.

EARLY ACTION
DEADLINE

Undergraduate admission
application available online
August 1

The University is committed to equal access to programs, facilities, admission, and employment for all persons. It is the policy of the University to maintain an environment free of harassment and free of discrimination against any person because of age, race, color, ancestry, national origin, religion, creed, service in the uniformed services (as defined in state and federal law), veteran status, sex, sexual orientation, marital or family status, pregnancy, pregnancy-related conditions, physical or mental disability, gender, perceived gender, gender identity, genetic information, or political ideas. Discriminatory conduct and harassment, as well as sexual misconduct and relationship violence, violates the dignity of individuals, impedes the realization of the University's educational mission, and will not be tolerated. Direct all inquiries regarding nondiscrimination policy to the Affirmative Action Office, The Pennsylvania State University, 328 Boucke Building, University Park, PA 16802-5901; Email: aao@psu.edu; Tel: 814-863-0471.

CAMPUS SECURITY CRIME STATISTICS: Pursuant to the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act and the Pennsylvania Act of 1988, Penn State publishes a combined Annual Security and Annual Fire Safety Report (ASR). The ASR includes crime statistics and institutional policies concerning campus security, such as those related to alcohol and drug use, crime prevention, the reporting of crimes, sexual assault, and other matters. The ASR is available for review at <https://police.psu.edu/annual-security-reports>.
